Innovations in Decision Support Systems

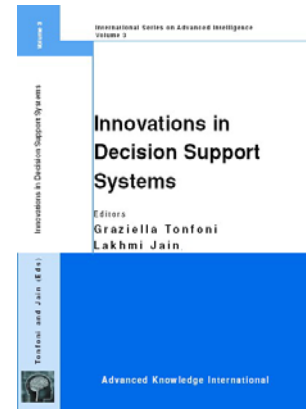

Editors: **Graziella Tonfoni**, The George Washington University, U.S.A. and
Lakhmi Jain, York University of South Australia, Australia

Series: International Series on Advanced Intelligence
(Series Editors: R. J. Howlett and L. C. Jain)

ISBN: 0-86803-980-2

Publication date: April 2003

PP.450, paperback

This book is aimed toward clarifying first the very concept of innovation in decision making as for what it really means today in a continuously changing set up where technologies require a continuous effort in learning and coping with constant instability and uncertainty.

This book leads us from a presentation of the important factors of Decision Support Systems, through the process of implementation and considerations for real-time applications, to a variety of examples in domains as diverse as Military Operations, Business, Healthcare, Criminal Investigation and Transport.

Contents

Foreword by Rob Parkins,

- Decision Support, Decision Quality, and Strategic Decisions
Donald C. Creswell and Peter C. McNamee
- Decision Support Systems using Systems Approach
Manuel Mora, Guisseppi Forgionne, Ovsei Gelman, *Francisco Cervantes*, *Alfredo Weitzenfeld* and Stanislaw Raczynski
- Real-time Decision Support Systems in Uncertain Environments
Gloria E. Phillips-Wren and Guisseppi A. Forgionne
- Probabilistic Decision Support Systems with Maximum Entropy
Dawn E. Holmes
- Software Engineering Decision Support Methodology and Applications
Gunther Ruhe
- Decision Support Systems in Defence
Andreas Tolk and Dietmar Kunde
- Decision Support Systems in Business: A Case for Competitive Analysis
Yanqing Duan and Phillip Burrell
- The Evolution of Decision Support Systems in Healthcare
Stefania Montani and Riccardo Bellazzi
- Decision Support Systems in Intelligent Patient Monitoring and Management
Vicente Moret-Bonillo, Mariano Cabrero-Canosa, Elena Hernández-Pereira, Eduardo Mosqueira-Rey
- Building an Intelligent Decision Support System for Criminal Investigation
Amit Konar and Bijita Biswas
- Transport Projects Selection: A Fuzzy Decision Support System Approach
Erel Avineri
